

Sleep Technician

Permanent Part-time & Casual Position – 7 day roster - evening shifts & overnight duty shifts

- **Continue your career in a progressive not-for-profit community hospital**
- **Be a part of a highly collaborative and fun workplace**
- **Enjoy excellent remuneration, flexible salary packaging & access to employee wellness program**

About us....

Burnside Hospital is a values-driven, not-for-profit community hospital with a passion to care for our community. We exist to provide safe, contemporary care for every patient, every time. We know our people are pivotal to our achievement of strategic objectives and create the patient-experience every day.

Burnside Hospital is one of Adelaide's most popular private hospitals, with an outstanding reputation, some of the most skilled and well-regarded doctors and specialists in Adelaide, state-of-the-art equipment and modern facilities.

About the Role...

Become a valued member of the **Burnside Hospital** team and you will have the opportunity to work within our team and contribute to the hospital achieving our mission of providing safe, contemporary care for every patient, every time in current well-equipped facilities.

The Burnside Sleep Centre provides a clinical service in the diagnosis and management of sleep disorders in adults. A fantastic opportunity has become available for a sleep technician to join our team of professionals. This position involves the set-up and monitoring of patients undergoing diagnostic and treatment sleep studies.

The successful applicant must be prepared to work evenings (1900 – 2200) and occasional overnight shifts (1930 – 0730). The centre operates seven (7) nights per week with various shifts on offer. Previous experience from a diagnostic sleep centre will be highly regarded but is not essential, as training will be provided to the right applicant. Availability to cover shifts at short notice would be an advantage.

About you...

You share our values. You want to work as a part of a dynamic team. You have a flexible and proactive approach to work and above all, you embrace and are committed to quality patient care.

- Bachelor of Science of equivalent (Physiology, Applied Health, Health Sciences)
- Excellent communication skills and be able to deal with patients in a professional and confident manner
- Competent organisation and time management skills, including the ability to set priorities, plan, and organise own work
- Strong computer literacy skills
- Good troubleshooting/problem solving skills
- Reliable and able to work independently as well as part of an integrated team
- Willingness to learn on an ongoing basis

If you are a motivated person who realises the opportunity this role offers and are ready to be a part of a team where you can utilise your skills and passion to provide excellent patient-centred care, we want to hear from you!

Applications close Tuesday 11 June 2019.

Simply complete the application process by accessing the Burnside Hospital Careers Webpage, record your personalised video application, upload your resume and we'll be in touch.

APPLY NOW!

All appointments are made subject to a satisfactory Criminal History Check and successful applicants will be required to provide evidence of an immunisation assessment prior to commencement.

Safe, contemporary care for every patient, every time
